

Third Edition of the “NTTC Cargo Tank Maintenance Manual”

National Tank Truck Carriers, Inc. has published the third edition of the “Cargo Tank Maintenance Manual.” Directed at all carriers and facilities that inspect, maintain, test and/or repair cargo tanks, the Manual consists of 297 pages of up-to-date information—a must for your technical and training library. The Manual is also available on “CD Rom”.

This latest edition contains separate sections for all DOT Specification Cargo Tanks, comprehensive revisions mandated by DOT’s publication of HM-123, plus sections for non-spec dry bulk, food grade and “Hot Products” tanks. Each section contains “how to” procedures, detailed graphics, and printable recommended report forms to ease record keeping and compliance.

Additionally, over 90 DOT “interpretations” and “guidance documents” have been edited and updated to provide guidance to your shop personnel.

NTTC’s “Cargo Tank Maintenance Manual” can be ordered in “CD Rom” and printed formats (or a combination of both).

Call NTTC at 703/838-1960 if you need more information.

**Please send this form with payment to: NTTC - 950 N. Glebe Rd. #520
Arlington, VA 22203-4183**
